

## Infinity Soccer Academy

*“Building for the long term development of soccer in our community.”*

In an effort to provide a service for the recreational players in our community that are registered to play in Northern Utah United’s Recreation program, Infinity SC is providing training sessions for both players and coaches. The priority of the training is to help novice coaches with ideas for training that will improve their player’s ability to perform the basic age appropriate skills. The environment will be educational for the coaches and parents that decide to participate. Players will be instructed in a way which will promote becoming more comfortable with manipulating the ball in various ways. Every session will end in a small-sided game that promotes a fun and competitive atmosphere.

*“Infinity Soccer Academy is a program that provides a fun learning environment, instilling a passion for the game of soccer.”*

### Philosophy:

At the 4-8 year old ages, Infinity focuses on player development through basic skills training and small sided-games. The sessions will be run by licensed Infinity SC coaches that are experienced working with youth. The curriculum and structure will be developed by Jeff Ginn, the Infinity SC Technical Director. Training sessions will introduce dribbling, passing and shooting in a variety of different activities. We believe that *playing* the game of soccer can be the best teacher and best platform for the players to showcase their skills in a fun environment.

**Infinity Soccer is focused on technical and tactical player development and continues to strive to produce some of the most talented players Cache Valley has ever seen.**

Cost: \$10 for four training sessions - register through Northern Utah United Youth Soccer during Spring Rec Registration. Check their website at: [www.NorthernUtahUnited.com](http://www.NorthernUtahUnited.com) for more information on how, when and where to register. Or call: (435) 753-8202.
