Commenced 7.39pm

Jeff: What are your needs:

Board:

coach training/education  
mandatory coaches meetings/classes  
Sterling Program (top tier? extra pay? struggling teams?)  
DEVELOPMENT in rec/challenger/state?  
Be a unifying influence in the club

Jeff: The goal was unifying when he was here  
“Destination Program” in rec - 3 tier rec program (development)  
coaching education is important (it’s hard to make it mandatory)  
This is a community change and a community goal (not just one person)

Recommend:

Sterling idea is great  
Value, philosophy for all teams to help unify

Doug: How is CV different than SLC area?

Jeff: It’s that they are involved in clubs that have philosophy to follow

Doug: whatever we do has to be for everyone, even kids who don’t want to go to premier

Terri: What do you want from us?

Jeff; Want to be in an influential environment. Want to work with one team who I can challenge, that can challenge me. He has the understanding and need a place to execute it. (Salary discussed)  
Want to assist the “Discovery Program” at RSL academy.

BOD then moved into Executive session to discuss yearly budgeting, and DOC proposal and salary.
