Coaching Requirements -

All coaches and assistant coaches coaching in the Competition programs are required to have a coaching license. US Youth has unveiled a brand new coaching program, effective during the 2018/2019 season. The "F" license has been discontinued, the "Grassroots" license now replaces the "E" license (though the E license will substitute for the new Grassroots license), and the D and higher licenses will remain the same.

All Coaches, coaching within the Challenger League, or UYSA Competition leagues are required to hold a Grassroots* license (or an E license), with the following exceptions:

- Any Coach of a UYSA State Competition U14 or Older Premier level team must hold a "D" license
- Any U7/8 Challenger coach must hold a US Soccer 4v4 online certificate, which they can obtain through the U.S. Soccer's Digital Coaching Center ([DCC](#).)

In addition -

- ALL coaches must complete the [CDC Head's Up](#) Concussion training and upload their completion certificate every year. Current certificates must have 2019 on them.
- ALL coaches and team managers must complete the SafeSport online safety training, by state and federal law. More information will be sent with registration information.
- All State level teams must have at least 2 qualified licensed coaches.
- All Challenger coaches coaching more than 1 team must have a qualified licensed assistant coach

Coaches must do pre-course assignments through the U.S. Soccer's Digital Coaching Center ([DCC](#)) before attending any Grassroots module or "D" license courses (cost \$25)

License waivers - are available for coaches who do not currently have a coaching license. Grassroots waivers are good for **one season**, and may only be granted to an individual once in a lifetime. Once the waiver is expired, the coach will no longer be allowed to coach until they receive their Grassroots coaching license. D waivers may only be granted to coaches who already hold the Grassroots (or E) license and will be good for one year. Waivers can be applied for through the Utah Youth Soccer Association, after the coach has registered online. The cost of both an E and D Waiver is \$25. Waivers is not available for U7/8 Challenger coaches; they must complete the online 4v4 certification.

Check the State UYSA website for information on other Grassroots, D license courses that are currently scheduled, or License waivers on their [Coaching Education Page](#).

Both Grassroots and D license courses have pre-course assignments that must be completed through the Digital Coaching Center ([DCC](#)) prior to the course, so please register as quickly as possible and get started on the pre-course modules. Space is limited and we have many, many coaches in the valley that need to take these courses, so register quickly if you want or need a spot.

NUU will reimburse coaches for ½ of the cost of their licensing class. Just email a copy of your license when you receive it, along with your address, and we will mail you a rebate. This offer is only good for any licensing done during the seasonal 2019/20 season, and not for licenses received prior to this playing season. *Total cost for the Grassroots license should be \$110. We will reimburse \$55. A separate policy is available for licensing rebates for higher level licensing upon request.*

What's New? -

Northern Utah United is stepping it up! - This year, NUU has big plans. Our new board of Directors, under the direction of our new President Brad Ward, is committed to adding more services to our current roster of services including extensive Coaching Education, our Destination training program for younger players, and our new Royalty elite program. We hired Jeff Ginn as our Director of Coaching in 2018, and he continues to add to our menu of quality developmental programs. Considering that we are the largest club with the largest Player-pool, and the largest spectrum of services within Region 1, adding these additional services continues to make NUU the premier club in Northern Utah's Region 1 - giving our talented players a pathway to succeed at their highest level in youth soccer.

Royalty Elite Program - In 2019/20 we are introducing the NUU 'Royalty Program.' This program is for the most ambitious teams in Northern Utah United ages 10 - 16. For a team to become a Royalty team, they must apply by May 19th, 2019. The Royalty teams will consist of like-minded coaches that will collaborate in training and reflection and train separately and together. This is a select program for the most ambitious of coaching staffs and their teams. Royalty teams are those with players who are at the top of their game and strive to play beyond High School, are prepared to attend more tournaments, train more frequently, and work to earn starting spots and playing time among other ambitious players. For more information: Go to our tryout page [HERE](#) and scroll down to the Royalty team section and learn more about it. Teams must apply by May 19th. To apply, click on this [link](#).

Or for more information, contact Coach Ginn at nuuginn@gmail.com.

Sterling Premier Training Program - The Sterling Program the premier training program available to all NUU teams, under the direction of Jeff Ginn NUU Director of Coaching, has a new package and fee structure, based on per team pricing. Teams may opt in, though are not required to do so. Teams participating in the Sterling Program have many options of training packages from 25 sessions a year

to 5 session packages. Cost per player runs from \$210 to \$50 per player, depending on the number of training sessions and the number of players per team. This program is highly recommended for teams with a serious desire to reach the highest levels of play. The Program is based on the following curriculum: Technical - Dribbling, passing, receiving; Tactical - Soccer intelligence, ie: decision making on and off of the ball; Functional training - players receive training specific to their position in a team or small group environment; Developmental - Age and ability appropriate training; Philosophical - and most importantly, mentoring coaches on the logistics and tactics based on their own training philosophy. Click [HERE](#) for more info.

Non-Sterling Director training - NUU teams that choose not to Opt into the Sterling Premier Training program, will still have access to limited premier training at No Additional Cost. However, these opportunities will be greatly limited, given the sheer number of teams we have. Non Sterling teams may request a free director training session, based on first come-first served basis and on space available.

Destination Soccer - Training program for 5 - 7 year olds. Additional training throughout the year, for those players that want more! Small sided, dynamic training with graduated levels as players progress in skill. For more information on registering for the next four week session, go to our [Destination page](#).

NUU U7/U8 Challenger Program This program is a step between Recreational Soccer and Competition soccer. The format is 4v4, with no keeper, and was developed for those players who feel that they are not getting enough competition in the Recreation program, and want more training to prepare for Competition soccer. More information on this program will be available on our website, as it becomes available.
